

Kangaroo Club

Children are always welcome to Penina Hotel & Golf Resort, having been the pioneer resort in the Algarve in the creation of activities dedicated to younger guests. Thus was born the concept of kids club, which was recently re-named the “Kangaroo Club”.

Our services and activities are based on children’s expectations and are specially tailored so that they can enjoy the best of their holiday, from the arrival at the Hotel to the departure home.

The Kangaroo Club is a club available for children up to 12 years old. Children from 3 to 12 years are under the care of experienced supervisors. However, children under the age of 3 years are also welcome at the Kangaroo Club. Up to 1 year of age under parental supervision and from 1 year to 2 years inclusive, with babysitting service, provided by the Kangaroo Club,

The Kangaroo Club is opened 7 days a week, from Easter to the end of October and during Christmas and New Year (during this period at the L’Arlecchino). The philosophy of the Kangaroo club is to recognize children as important guests of our Resort with their own needs, expectations and desires.

With a fun and colorful décor, the Kangaroo Mac, is furnished with tables and chairs adequate for children's size. Meals are always supervised by the Kangaroo Club team. Groups By Ages

The Kangaroo Club is a facility available for children up to 12 years of age, divided by specific age groups:

The little ones (from 0 months to 1 year old) are welcome to Kangaroo Club, where they can enjoy the facilities provided they are accompanied by their parents.

For **children from 1 to 2 years of age** inclusive, we provide a personalized babysitting service, as well as activities according to age, upon payment of a fee.

For **children from 3 to 5 years of age** we provide a full program of activities, including drawing and painting, modeling in clay, imagination games, play in the water, fruit picking (including learning how to cook and prepare the collected fruit). The activities are designed to be fun and at the same time to develop the capabilities of children.

Children from 6 to 12 years of age prefer a more active program of activities. We offer them activities, such as: swimming lessons, golf and tennis. Many activities embrace the participation of parents, namely the

summer family barbecue held on a weekly basis.

Our professionals believe it is more important for children to learn while having fun and with that in mind they developed a set of educational and funny activities, such as modeling with clay, painted tiles, jewelry making, preparation of cakes, and many other activities using paper.

When children reach the **adolescence**, they prefer to leave the Kangaroo Club and embrace other activities. At this age young people like to express their independence and ideals. However, the socialization among young people on holiday is essential, therefore our team produced a junior activity program for teenagers up to 16 years old.

Kangaroo Club Activities

The program of activities is carefully designed to give a balance among sports, workshops, more educational games and activities, respecting the routines and customs of each child. To encourage the participation of children in the different they are awarded with a certificate at the weekly cocktail party with parents.
